

# How your money helps

Remembering CLIC Sargent in your Will is an inspiring thing to do and will ensure that CLIC Sargent is there for children with cancer and their families in years to come. Take a look below to see how valuable your Gift could be:

£500

could fund a Family Support worker for a week.

When a sick child is in hospital they help at home, pick up siblings from school, organise activities and keep everyday life as 'normal' as possible.

£1,000

could fund a CLIC Sargent holiday for a week.

This means that a family can enjoy a relaxing holiday, taking a break from the trauma of treatment, at Malcolm Sargent House in Ayreshire. It may be the first family holiday for years.

£5,000

is the average cost of supporting a child with cancer for a year.

We deal with a whole range of childhood cancer, including leukaemia and tumours. On average we spend £5,000 per child per year.

£9,000

could fund compassionate grants for 30 families following the death of their child.

This is absolutely the worst possible time for families and CLIC Sargent endeavours to help them financially, as well as emotionally, at a time when money issues are absolutely the last thing on their minds.

£30,000

could help secure a holiday home site.

The holiday homes are in the form of luxury caravans, which are parked on a fully-equipped holiday park, somewhere in the UK. A holiday in one of our holiday caravans would offer families a relaxing break from the distressing routine of treatment.

£70,000

is the current cost of caring for 10 children for 2 years.

This would help cover the cost of supporting 10 children for a 2 year treatment period.

£135,000

could fund all our Play Specialists for a year.

CLIC Sargent play specialists use toys and photos to explain to children what will happen during treatment and overcome their fears. If a child is calm, treatment can be easier and more effective too.

£500,000

could fund our entire team of social workers for 2 years.

Our care professionals are trained to respond to the needs of children, young people and their families. They help the whole family understand and to face up to what's happening, offering emotional and practical support needed at a difficult time

£1,000,000

is the current cost of running our 7 Homes from Home for a year.

CLIC Sargent Homes from Home allow parents, children and siblings to stay together for as long as necessary during periods of treatment, thereby minimising the disruption to family life. Our homes can accommodate several families at the same time. This means that they can share their experiences with other families and build valuable support networks.

Thank you for your support!
